

# Site Map

For your safety and enjoyment, we have a one-way system around each zone. There are also hand washing stations and sanitiser throughout the site.

★ Can you see any snakes sticking out their tongues? This is their main way of sensing what is around them.

★ The tenrecs are closely related to elephants!

★ Can you stand under the waterfall?

★ What creatures can you see in the pool?

★ 'Olly' says hello! The adventure begins here!

★ Meerkats use their tails to balance when standing upright. They often stand up in the morning to absorb heat on their bellies after a long cold desert night.

★ 1 in 4 of the ingredients used in our medicines come from rainforests.

- Butterfly House
- Aquarium
- Waterfall House
- Creature Corner
- Rainforest Canopy
